

MODEL HOME IS ACID TEST FOR NEWEST Floor Finish

An unusual floor finish, recently walked on by over one hundred thousand scuffing feet in a model home, still looked almost as good as the day it was applied! Now available to home owners and sold under the name 'FABULON', the new finish is not a shellac, not a varnish, not a glorified polish. It's a fabulous full-bodied, brush-applied, transparent, protective coating for wood floors and linoleum.

Durability is but one of the many attractive features of the new finish. It is water-proof, skid-proof, chip-proof... liquor-proof, pet-proof, stain-proof! It never needs scrubbing to clean or wax to protect. Dirt and grime can't penetrate its tough surface. A dust mop or damp cloth keeps it lustrous.

FABULON is the 'twin' of a famous bowling-alley finish. It is easy to apply... quick to dry... costs no more than ordinary 'best' finishes. See the FABULON dealer nearest you. Get a quart now for your kitchen linoleum. At the same time, ask your dealer how to re-finish your **wood** floors like new *in one day*.

Old finish? PRONTO removes the old finish... pronto!
